Fold It, Bin It Corrugated Boxes - for environmental conscientiousness

The Hook & Fish Fold It, Bin It, and corrugated boxes are great quality and perfect for fast food and catering businesses. The ideal container for portion control of take-away food. These rectangular boxes make for a great way of presenting a food portion to your customers, open or closed. The 'Fold It, Bin It' box has been designed so customers can easily fold their used boxes once they are empty, and they then take up far less space in the bin!

The range has been designed specifically for take-away or home delivery of cooked or uncooked food. They are supplied flat for easy storage – simply make up front & sides and then stack for easy service.

- Corrugated box allows product to breathe stopping the food from sweating but still retaining heat
- Fold It, Bin It* (easy disposal)
- Portion control
- Suitable to fit a side order container (e.g. peas, curry or gravy)
- Supplied flat – easy to assemble
- Air holes allow steam to escape and keep the batter crisp and chips fresh
- Biodegradable
- Made from 90% recycled material & fully recyclable ♻️

Two Compartment Boxes separate Fish & Chips with a built-in divider. Not only does this avoid hot fish batter from losing its crispiness underneath, when sitting on top of chips, it also avoids the risk of the fish being crushed.

- Portion control
- Supplied flat – easy to assemble
- Suitable to fit a side order container (e.g. peas, curry or gravy)
- Two air holes to allow steam to escape and keep the batter crisp and chips fresh
- Biodegradable
- Made from 90% recycled material & fully recyclable

"Presentation and portion control make the two compartment box great. Since I changed it has been a success with customers and the presentation has definitely improved."
